

Table of Contents

1 – Introduction	1
2 – Background	1
2.1 – Population, Housing, and Socioeconomic Characteristics	1
2.2 – Sources of the Flooding Problems	3
2.3 – A Brief History of the Flooding Problems	4
2.4 – National Flood Insurance Program (NFIP) Participation	6
3 – Planning Process	6
3.1 – Arcade Flood Mitigation Planning Committee and Subcommittee Meetings	7
3.2 – Coordination among Relevant Agencies	9
3.3 – Public Involvement and Outreach	10
3.4 – Review, Revision, and Adoption of the Plan	11
4 – Flood Hazards	12
4.1 – Description of Flood Hazards	13
4.11 – FIRM Determined Base Flood Hazard Areas	13
4.12 – Additional Flooded Areas of June 26, 1998	17
4.2 – Streambank Erosion	18
4.3 – Floodplain Development	19
4.31 – Critical Facilities	20
4.4 – Road Blockages	22
4.5 – Flood Warning System	23
4.6 – County Emergency Management Plan	24
5 – Flood Mitigation Action Plan Goals and Objectives	24
6 – Flood Mitigation Action Steps	25
6.1 – Public Awareness and Information	25
6.2 – Preventive Measures	27
6.3 – Natural Resource Protection	30
6.4 – Property Protection	31
6.5 – Structural Measures	32
6.6 – Emergency Services	34
6.7 – Other Considered Mitigation Activities	34
Appendix A – Residential/Agricultural & Commercial/Industrial Surveys	
Appendix B – Flier for Public Information Meetings	
Appendix C – Newspaper Articles	
Appendix D – Flood Hazard Areas Matrix	
Appendix E – Structures and Lots Surveyed
