**G/FLRPC Mission Statement:**

*Genesee/Finger Lakes Regional Planning Council (G/FLRPC) will identify, define and inform its member counties of issues and opportunities critical to the physical, economic and social health of the region. G/FLRPC provides forums for discussion, debate and consensus building and develops and implements a focused action plan with clearly defined outcomes, which include programs, personnel and funding.*

*This project was funded by the Village of Arcade through a grant from the New York State Governor's Office of Small Cities.*

# Acknowledgements

This project would not have been possible without the generous contributions of time and talent of many individuals. Genesee/Finger Lakes Regional Planning Council would like to thank, first and foremost, all of the members of the Planning Committee for this project, especially the dedicated group of regular attendees: Phil Antonio, Bill Arlow, Charlie Brown, Paul Burkett, Hugh Ely, Joan Harrison, Bill Koch, Jeff Mason, Kim Offers, Chuck Skillman, Peggy Youngers. In addition, a big thank you to members of the Planning Committee who could not always attend in person, but greatly contributed in absentia: Paul Bijhouwer, Carole Jones, Sandy Pirdy, and Keirsten Snell. Thanks to the Arcade Elementary School, Arcade Fire Department and the Arcade VFW for the use of their facilities at different points in the planning process.

The people of Arcade owe a debt of gratitude to the dedicated Village staff who helped make this plan a success: Pam Beiersdorf, Larry Kilburn, John Laird, and Joanne Offers. In addition, thanks go to county and regional public servants who provided necessary and much appreciated assistance: Kristin Bennett (Genesee Transportation Council), Mike Heftka (Wyoming County Industrial Development Agency), Ed Johnston (New York State Department of Transportation), Richard Perrin (Genesee Transportation Council), Richard Tindell (Wyoming County Planning and Development Department), and Bob Traver (New York State Department of Transportation).

Finally, a heartfelt thank you to the businesspeople and citizens of Arcade, who filled out surveys, came to meetings, and simply let a few camera-and-notebook toting planners wander around their community. Thank you.

*Every effort was made to ensure the above list is complete. If there are any omissions to the above list, it is wholly unintentional.*
