

## **SECTION 2C: MUNICIPAL RECOMMENDATIONS**

Five municipalities have participated regularly in the Land Use Subcommittee: the Towns of Canandaigua, Gorham, Italy, Middlesex, and South Bristol. Based on their input, as well as that of the Canandaigua Lake Watershed Council and Yates County Soil and Water Conservation District staff, the watercourse setback zoning amendment is the proposed recommendation to address development near watercourses. All municipalities in the watershed are encouraged to utilize the model local law language developed. See Section 1C of this report for notes on the zoning amendment process.
